Testimonials

"I have just got back from a season on the Kola. I would like to say how impressed I am with the quality of the flies that you supplied to the fishermen. I was even more impressed with the sheer quantity of salmon that these flies produced. The two most productive flies on the Kitza river this season were the Mediator and the Foxy, these two flies were responsible for one client catching 24 salmon in one day! I am sure you will agree that this is not only testament to his skill, and the productivity of the river but the quality of what he had on his line. Well done Kola flies!"

Tim Weston, Fishing Consultant

We fished mostly with a tube fly some kind of green highlander. This fly was very successful. 80% of all fish were caught with this fly. And something very funny. I met an English guy, his name was Paul...And he had your flies!

Now in a few weeks I will go to the yokanga mid of juli and that's why I'm ordering some more flies.

Heinz Koella, Switzerland

Custom Flies to Order

In addition to our Kola range of flies, we also supply to order your favourite patterns for Iceland, Scotland, Scandinavia and Alaska.

NEW SEASON

www.kolaflies.com

Kola Flies - New Season

Welcome to a new dimension in flies specifically selected and dressed for rivers of the Kola Peninsula.

Jason Thornton has a vast resource of practical knowledge having experienced all seasonal challenges during 50 actual weeks fishing numerous Kola rivers since 1994. Following exhaustive field trials of fly patterns and materials, in all temperatures and water heights, Jason has, with his extraordinary fly tyer Peter Nightingale, produced a range of flies that will certainly give you an advantage over the fish and cover the entire season.

Within the listed flies will be found patterns of our own design. All our flies are dressed using premium grade materials including, where applicable, Shadow and Silver Fox, Bear, Polar Bear and Boars bristle.

The materials used in the construction of these flies have been chosen to impact maximum movement, colour, attraction and sparkle.

Since our launch 6 years ago Jason was truly amazed at the instant success by all these listed patterns during his field trials, finding he was out-fishing by a mile other anglers fishing their more traditional patterns.

The Spring Tubes

ROGIE

An established and stunningly effective pattern. A 'must have' especially in early season. Since JT first used the Rogie in 1995 on Varzuga, the results have been staggering. Available in 2", 1.5" and 1".

KOLA SUNRAY

A great early season fly but will produce fish at any height of water throughout the season. Available in 1.5" and 1".

The Spring Tubes

DOUBLE

KOLA GREEN - DOUBLE & TUBE

Our version of the Green Highlander.

We have tweaked the dressing to produce an even more attractive fly which produces fantastic results throughout the season.

Available in tubes of 1.5" & 1" and Doubles sizes 6 and 8.

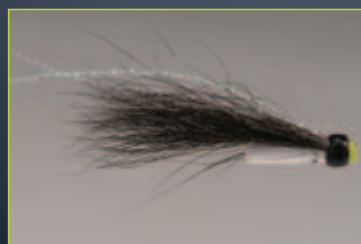

TUBE

THE SNAELDA

A universally popular fly that has proved itself on numerous Kola rivers over recent years. A great provider which can be fished in all conditions. Available in 0.5", 0.75", 1" & 1.25" tubes.

* PETES RIFFLE SPECIAL

A cheerful and devastatingly effective piece of "precision engineering". Based on the famous Newfoundland method of catching salmon in low water. A small dressed tube with colour coding. N.B. Supplied in pairs Left and Right.

Summer Doubles

MEDIATOR

Our biggest seller year after year. Do not take a trip to the Kola without it. You have been warned!!!

A long tailed fly giving contrast and remarkable movement. Available in 6, 8 & 10 doubles

SILVER

SHADOW SHRIMP FLY - SILVER OR YELLOW

Improved shrimp pattern which combines Silver and Arctic Fox with vibrant hackling. Excellent in both strong and quieter flows of river.

Available in sizes 6, 8 and 10 doubles.

FOXY

We have developed this most successful fly to our improved specification replacing the normal bucktail with a more attractive arctic fox fur, giving real life, movement and iridescence to the materials. Available in 6, 8, & 10 doubles

NEW

PANA CZAR

Tested last year on the Pana and Varzuga with excellent results. Available in 6, 8 & 10 doubles

NEW

THE FIREBELLY

A beautiful bright fly that is fast becoming a legend on the Kola. A little known fly just now, but proved to be an instant killer.

Available in 6, 8 & 10 doubles
